METLAM
LAMINATES
E-CATALOGUE

An extensive range of more than 100 real metal laminates curated from world leaders across Germany & USA.

Vibrant and warm or cool and shiny. Rustic in industrial style, matt in used look or elegant with graphic patterning. Besides all of the technical benefits, it is primarily the visual aspect that captivates with METLAM's genuine metal laminates. METLAM uses thinly rolled foils of aluminium, copper, zinn (Tin), brass and stainless steel. A special embossing technique gives the surfaces their unique texture. In the manufacturing process, some of the metal decors are even finished by hand. Together with their unique range of colours and stunning lustre, these metals come with a feel that is truly exceptional - an unbeatable combination and hard to imitate.

The METLAM Magnetic Laminates, available in a wide range of colours with diverse application possibilities from sticking boards to chalk boards, shop fitting, window displays and kitchen furniture.
